

CleanPay Mobile Quick Start

1

Download the FREE
CleanPay Mobile* app.

Visit your app store
or scan this code to
begin download:

Identify your laundry room.

Once you download and open the app, CleanPay Mobile will automatically detect your laundry room using your phone's location.

If you are not in your laundry room, simply enter the Smartphone Registration Code (SRC), which can be found on your laundry room sign.

Automatic
LEASING  SERVICE

2

Register and sign in.

Add value to your account.

Register and sign in to load value to your account with your credit or debit card.

Manage your account.

With CleanPay Mobile you can also set up clean alert notifications, check machine availability, manage your account balance, and view transaction history.

* Mobile app availability varies by location. Check to see if your location uses **SudKick** or **CleanPay** mobile app before initiating any download.

3

Start the machine.

Scan the QR Code or enter the Machine Number.

Start the machine by scanning the machine's QR code or by entering the machine number into your phone.
