

# sudkick Quick Start

mobile app by **Automatic** LEASING  SERVICE

1

Download the FREE SudKick\* mobile app.

Visit your app store or scan this code to begin download:

## Identify your laundry room.

Once you download and open the app, SudKick will automatically detect your laundry room using your phone's location.

2

Register and sign in.

## Add value to your account.

Register and sign in to load value to your account with your credit or debit card.

## Manage your account.

With Sudkick you can also set up clean alert notifications, check machine availability, manage your account balance, and view transaction history.

\* Mobile app availability varies by location. Check to see if your location uses **SudKick** or **CleanPay mobile app** before initiating any download.

† In order to connect to the room you must turn on the Bluetooth setting on your device or phone in order to scan the machine.

3

Start the machine.

## Scan the QR Code or enter the Machine Number.

Start the machine by scanning the machine's QR code or by entering the machine number into your phone.
